SECTION No. 2. *Herd Book.* This association shall publish the "American Galloway Herd Book" at intervals of not more than two years. Each volume shall contain a copy of the charter, constitution and by-laws, a list of the members, and such matter of general interest as the Executive Committee may deem advisable, together with an accurate registry of all the animals accepted for entry. Such entry shall set forth the number of the animal, the sex, the name and the date of birth, the name and address of breeder and owner, the name and number of sire and dam; also the color and markings of the animal registered. The herd book may contain such plates, engravings or publication of any records of any animal, subject to the approval of the Executive Committee. All imported animals must be of record in the Scotch Galloway Herd Book in order to be accepted in this Book, unless imported in dam.

SECTION No. 3. *Rules for Registration of Galloway Cattle in the "American Galloway Herd Book."*

Rule (1) No animal shall be admitted to entry unless both its sire and dam have been recorded in either the Scotch Herd Book or the American Galloway Herd Book.

(a) An animal with scurs shall not be eligible.

(b) The produce of any bull or cow with scurs shall not be eligible.

(c) The American Galloway Breeders Association reserves to itself the power to cancel the entry of any animal which has developed scurs before or after being recorded.

(d) Breeders and owners of recorded Galloways are to be under an obligation to report any cases of scurs should they occur.

(e) Any animal, either sex, (entire) with white markings above the under line, or with white ankles or legs shall not be eligible.

Rule (2) Every animal of record in the "American Galloway Herd Book" shall have a designated number referring to Galloway Herd Book only.

Rule (3) Names cannot be duplicated. When a name sent in has already been taken the Secretary shall suggest a substitute and await the approval of the owner. No name shall contain more than eighteen letters, except in case of imported animals. No breeder of Galloways can use a name prefix which has been established and used by another breeder designating the name of his town, farm or herd.

Rule (4) No entire animal male or female will be accepted for entry whose dam is not twenty-seven months old, at least, at the time the calf is dropped.

Rule (5) All applications for entry of animals must be filled out in ink upon the blank forms procured from the Secretary, and no entry can be made unless on one of these blanks. The application must state the name and sex of the animal, date when calved, color and markings, the name and number of sire and dam, signature and address of present owner. Transfers will be required from the first and succeeding owners to the present applicant for entry. Rule (6) When the sire of an animal offered for entry was not at the time of the service owned by the breeder of the animal the owner of the said sire must sign a bull permit, giving date of service, with name and number of sire, unless the service has been previously properly reported upon a transfer.

Rule (7) The breeder of an animal is the owner of the dam at the time she was served. The first owner of the calf is the owner of the dam at the time the calf was dropped.

SECTION NO. 4. *Rules for Transfer of Memberships and Animals.*

Rule (1) A membership will be transferred according to clauses in Section No. 9 of constitution. The original certificate of membership must be filed with the Secretary who will issue a new certificate of membership in the name of the new owner.

Rule (2) In case of a change of ownership of an animal the buyer must obtain from the seller a certificate of transfer written in ink upon a blank procured from the Secretary and which will, when returned to the Secretary, be entered upon the records. Transfer upon the back of certificates of entry will not suffice.

Rule (3) In case of neglect or refusal of the seller to give a certificate of transfer the record of transfer may be made by the Secretary upon written approval of the majority of the Executive Committee on evidence of the sale and delivery.

Rule (4) In case co-partners of a partnership desire to change ownership of their animals from one co-partner to the other they may do so by paying one-half of the regular fee, or in case partnerships are formed animals may be transferred from original owner to new firm at half regular fee. The legal time limit for settling or closing up the business of an estate will be recognized by the association.

Rule (5) Transfers must be filled out with the sex and full name of the animal, the full name and post-office address of the buyer, and the signature and post-office address of the seller and the date of the sale. If the animal is a female it must be stated whether or not she has been served. If served, the date of service must be given with the name and herd book number of the bull, certified by the owner of the bull at the time of service. Ownerships of sires and dams must be reported before progeny can be accepted for entry.

SECTION No. 5. *Rules for Fees for Registration, Transfer and Membership.*

Rule (1) No application for registration, transfer of ownership, membership, or transfer of membership shall be considered until the fees are paid; nor shall any numbers be assigned to an animal by the Secretary until every requirement has been complied with. All transactions with the Secretary's office shall be for cash. (i) Transfers presented for record within ninety days from date of sale, transfer fee 25 cents each.

(j) Transfers presented for record after ninety days from date of sale, transfer fee 50 cents each.

(k) Tabulated pedigrees may be procured from the Secretary for 50 cents each.

(l) Duplicate certificates of registration and transfer may be procured from the Secretary for 25 cents each.

(m) Cash must accompany all orders.

SECTION No. 6. *Rules for Entry for Animals Bred in, or Imported from a Foreign Country.* For every imported animal a record must be had in the Scotch Galloway Herd Book, published in Scotland. Application for entry of an imported animal must be made by the owner resident in this country and accompanied by a transfer from the recorded owner in the Scotch Galloway Herd Book, and transfer from the immediate owners to the applicant for entry and must give date of importation, name of importer, together with an export certificate in the form and manner prescribed by the Galloway Association of Scotland and furnished by said association to the importer. To secure the registry of a calf imported in its dam, a certificate will be required from the owner of its reputed sire, provided the signature of the breeder has not previously accompanied a transfer indicating service of sire. The fees for registration and transfer of imported animals shall be the same as American-bred animals.

SECTION No. 7. *Fraudulent Entries or Transfers.* Should any animal be admitted to entry or transferred through misrepresentation or fraud the Board of Directors on discovery of same shall declare the entry or transfer void, together with any entries that may have been made of descendents of such animal. When an animal shall have been transferred or entered through misrepresentation or fraud the Board of Directors may direct the Secretary to refuse for record any subsequent entry or transfer dependent upon the signature of any person implicated in such fraudulent entry or transfer.

SECTION No. 8. *Amendments.* These by-laws may be altered or amended by a majority vote of the Board of Directors, confirmed by a majority vote of the members represented in person or by proxy at any annual meeting or adjournment thereof.

RULES GOVERNING ENTRIES IN THE HERD BOOK

FIRST.—All animals which trace in all collateral lines to imported ancestors, and those already of record in the first three volumes of the Galloway Herd Book of Scotland, shall be eligible to entry in the American Galloway Herd Book.

SECOND.—All imported animals must be of record in the Scotch Galloway Herd Book to be accepted in this book.

THIRD.—In making entries the name of the animal, sex, markings, breeder and owner, and the date of calving must be in all cases given (as well as the name and number of the sire and dam).

FOURTH.—When an animal is sold, a transfer of ownership must be given to the purchaser upon blanks furnished from the office of the Association, and the same, when filled out, shall be forwarded to the secretary, whose duty it shall be to file the same, in order that he may know the ownership of every animal of record, for which a fee of twenty-five cents will be charged if filed within ninety days from date of sale; if after ninety days, the fee will be fifty cents.

SIXTH.—When the pedigree of an animal is forwarded to the Secretary for record a fee of one dollar and twenty-five cents (\$1.25) for each pedigree shall accompany the same, if from a member and the animal is under one year old; if over one year old, two dollars and fifty cents (\$2.50). From non-members two dollars and fifty cents (\$2.50), if under one year old, and five dollars (\$5.00) if over one year old; for all animals over four (4) years old a fee of five dollars (\$5.00) to members and ten dollars (\$10.00) to non-members will be charged after January 1, 1902. Registration certificates furnished free to members and non-members with each entry. Tabulated pedigrees, fifty cents each. Duplicate Certificates of Registration and Transfer, twenty-five cents each.

SEVENTH.—Every animal of record in this book shall have a designating number referring to this book only.

EIGHTH.—Names can not be duplicated. When a name sent up has already been taken, the Secretary will suggest a substitute and await the approval of the owner.

NINTH.—Names containing more than eighteen (18) letters will not be accepted, except in case of imported animals.

TENTH.—All applications for entry are subject to the approval of the executive committee.

ELEVENTH.—No entry will be accepted whose dam is not twenty-seven (27) months old at the time the calf is dropped. This section to go into effect January 1, 1902.

TWELFTH.—The party who signs the application for entry of animals on the record of the Association, is required to pay the fees for recording same.

THIRTEENTH.—The following form to be printed on blank application for entry, namely: The name and address of the owner of the sire at the time the dam was served, must be written here. The name and address of the owner of the dam at the time the dam was served must be written here. Said form must be properly filled out before animal can be recorded.

FOURTEENTH.—The Secretary is instructed to reject all pedigrees presented for record that are not in proper condition to be recorded; that is, no animals shall be registered until all errors and mistakes in the registration of their ancestors are corrected, and when there is any doubt about the breeding of an animal it shall not be eligible to record.

SCALE OF POINTS OF A TYPICAL GALLOWAY

The following scale of points of a Typical Galloway were drawn up by the Board of Directors of the American Galloway Breeders' Association, December 2, 1904, and were adopted at the Annual Meeting of the said Association, December 22, 1905. This scale of points is based on the original scale of points drawn up by the Council of the Galloway Cattle Society of Great Britain, April 18, 1883.

COLOR—Black, or black with a brownish tinge. White markings on feet, ankles or legs, or on any portion of the body above the underline, are very objectionable.

EYE—Large and prominent.

EAR—Moderate in length and broad, pointing forward and upward, with fringe of long hairs.

NECK—Short, clean, and filling into the shoulder in such a manner as to make the neck and shoulder of fleshy animals appear moulded as one piece. The top of the neck in line with the back in a female, and in a male gradually rising with age.

BODY—Deep, wide, well rounded, moderate in length and symmetrical.

SHOULDERS—Broad, but well laid into body, joining smoothly; compact and deeply fleshed on top.

HOOK-BONES—Not prominent; in fleshy animals not visible.

LOIN—Moderate in length, wide and deeply fleshed.

HIND-QUARTERS—Long, wide and well filled.

RUMP—Straight, wide, carrying width of body out uniformly. Well filled with flesh.

THIGHS—Broad as viewed from side, thick as viewed behind; straight and well let down at hock,—rounded buttocks very objectionable.

LEGS—Short and clean, with fine bone.

TAIL—Set on straight and smoothly laid in with flesh at sides. A high-tail-head very objectionable.

SKIN—Mellow and moderate in thickness.
